“Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

“Students available for graduation” is the cohort population minus the number of “Students unavailable for graduation,” which means those students who have died, been incarcerated, or called to active military duty.

“Graduates” is the number of students who completed the program within 100% of the published program length.

“Completion Rate” is the number of Graduates divided by the Number of Students Available for Graduation.

“Number of Students Who Began Program” means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

“Number of Graduates” is the number of students who have completed the program within 100% of the published program length.

“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program. For occupations requiring passage of a licensing examination prior to employment, “graduates as employed in the field” means in a single position for which the institution represents its program prepares its graduates within six months of the announcement of the first licensure examination results.

“Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Initials: __________ Date: __________________ I have read and understand the above Placement rates.

“Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

“Students available for graduation” is the cohort population minus the number of “Students unavailable for graduation,” which means those students who have died, been incarcerated, or called to active military duty.

“Graduates” is the number of students who completed the program within 100% of the published program length.

“Completion Rate” is the number of Graduates divided by the Number of Students Available for Graduation.

Initials: _______ Date: ______________ I have read and understand the above completion rates.

“Number of Students Who Began Program” means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

“Number of Graduates” is the number of students who have completed the program within 100% of the published program length. “Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program. For occupations requiring passage of a licensing examination prior to employment, “graduates as employed in the field” means in a single position for which the institution represents its program prepares its graduates within six months of the announcement of the first licensure examination results.

“Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Initials: __________ Date: __________________ I have read and understand the above Placement rates.

“Grads available for employment” means the number of graduates minus the number of graduates unavailable for employment. Graduates unavailable for employment means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program.
